Discounts

- From 15 persons: 15% off admission prices
 From 30 persons: 25% off admission prices

Further information and conditions

- The current house and bathing regulations must be observed. These are always available online: [Link](#)
- One person registers the group at reception, confirms the total number of guests, and pays for all entries.** This person receives the wristbands and distributes them to the group while the others wait in the entrance area. Once everyone has their wristband, you may enter the changing area.
- If the group size differs significantly from the number of people registered, we reserve the right not to grant any discounts for additional participants.
- The use of smartphones and similar devices is prohibited from the changing area onwards.**
- Please ensure that every guest showers before entering our pools.
- Additional services such as rental linen, food, drinks, or spa treatments will be billed at the end of the visit when returning the wristband.
- At check-out, please proceed in an organized manner:** form a line, return the wristbands one by one, and wait for confirmation from our reception team.
- If you exceed the planned duration of stay, the next longer rate will automatically apply. The difference must be paid at check-out. **This additional payment is not eligible for discounts.**
- If towels or bathrobes have been rented, please do not throw them directly into the bins. Wait until you present your wristband at reception and receive confirmation.

Agreement

- ☐ As the person responsible for this group, I confirm compliance with the stated conditions. I am aware that any deviation from these conditions may result in losing the discounted rate or being denied entry entirely.
